PEACE AND CONFLICT PREVENTION/RESOLUTION

Dear District Governors,

Welcome to the 111th birthday of Rotary! As most of us know, the first Rotary meeting took place on the 23rd of February, 1905. Our Director Guillier writes about it on the next page and has some good suggestions of activities for Rotary clubs to undertake in celebration of this important event. Happy birthday to Rotary! Let's wish it another 111 years of service.

Thank you so much for the response to the survey on this DG newsletter. Overall, the response was favorable, from content to length, timelessness, etc. There were some comments and suggestions on improvements that can be done. A quick report on this will come in the next newsletter.

Membership is our number one internal priority. As we know, there is a lot of work going on across clubs and districts. There is a 2.06 percent increase across the SPPO districts..

A couple of the comments from the survey said we pushed The Rotary Foundation too much. Given that the Foundation is Rotary's only official charity, and that performance in our area could be better, we will do what we can to inform and try to motivate Rotary leaders to be stirred into action. Australia, for example, has the potential to be in the top 6 of giving nations in the world. The table below shows that the Philippine clubs are doing well in the annual fund per capita results. Five of the top 6 are Philippine districts.

Congratulations to D3810 for its excellent results to date with an 11 percent increase in membership and for being on top of the TRF table for annual fund per head.

Regards

Frank Pezzimenti

We are celebrating Rotary’s 111th Birthday come February 23. And the first Rotarian Paul Harris died January 27, 1947. As the good book says there is a time for everything -- there is a time to be born and a time to die. Because the dates are not too far apart, we cannot help but think about Paul Harris when we celebrate Rotary’s birthday.

The last paragraph of Chapter 42 of the Book “The First Rotarian” reads: on the day Harris died a wave of grief swept through the world of Rotary and beyond into the lives of countless millions. He left behind a host of friends who experienced an emptiness they had never known before..... expressions of grief arrived....”as a tidal wave would crash on a beach” said one heartbroken Rotarian. The number of friends one makes in his/her lifetime, isn’t this a great measure of success for being a gift to the world?

Vivian Carter, RIBI Secretary from 1921-28 and author of “The Romance of Rotary in London,” in his tribute recalled these words of Paul Harris: “I was always a great lover of fun and got an ecstatic joy out of contacts with others. But such things were spontaneous and not part of my serious purpose with Rotary. My sense of the ethical possibilities began to develop early in my experience of fellowship... I numbered among my intimate friends Arthur Sheldon, one of the earliest to propagate that Service must be the foundation of all true success in business, and I was influenced by him to some extent.”

The First Rotarian, Paul Harris, who although timid, has this dominating characteristic -- his love of fun and companionship. We are focused on attracting young professionals and investing in the development of youth leaders through Rotaract Clubs, RYLA and New Generation Exchange, and Vocational Training Teams. I sincerely hope that when the new generation thinks of Rotary, they will think of the power of friendship. Friendship is the firm foundation of Rotary. The life and times of Paul Harris shows us how he valued his friendship with the red headed first friend Fay Stafford and his Rotary best friend Silvester Schiele , the first club president, as well as the love and friendship of Jean Harris.

It’s the 111th year of Rotary friendship and peace initiatives. It is said that triple numbers are signs that the universe or the angels are trying to catch our attention because a golden opportunity will add meaning to our life, a new “doorway” opens. Triple 1 refers to energy flow. Any moment we see a triple number, it is time to think about what we all really want. To celebrate Rotary’s 111th Birthday, maybe we can start writing down the names of 111 Rotary true friends we made, 111 Rotary moments, 111 Impact projects you personally proposed or implemented, and so on. Are you having happy thoughts, too, right now? Just thinking happy thoughts is being a gift to the world. Things are created twice – once in the mind, the other in reality.

MEMBERSHIP ROUND UP

An excellent start to the 2016 calendar year has occurred with many clubs inducting new members, well done to all concerned.

We have had quite a lot of activity in new clubs with District 3770 chartering three this year. We have a number of other new clubs underway, however we note there are several terminated clubs – some who have elected to close after many years service and others for non-payment of Club Invoice.

Districts 3780 and 3810 are both doing an excellent job in the Philippines, congratulations to DG Rey David and DG Roberto Pagdanganan for their growth in new members. These districts have increased by just one new club each, but have greater than 270 new members each. This breadth of increase is pleasing to see, as it is focusing on the existing clubs. District 3830 is also showing the way with 239 increase and as yet no new clubs, after a significant increase in clubs in 2014-15.

Australia has a number of new clubs coming forward, predominantly in the way of either e-Clubs or Satellite Clubs, so this trend is pleasing to see.

And District 9920 continues to grow this year and has plans for future opportunities in the district.

At this time, for Australian Districts to reach a membership of 31,000, this is 1,055 members or 21 per district or 10 per month per district. For most districts in Australia they are close to or over 50 clubs. This is a net growth of 1 member per club per district.

Is this achievable?

It is a real possibility if each club can induct just one new member and maintain a retention rate of 100%

If each club throughout Zone 7 and 8 is to grow by just one new member between now and 30 June, 2016, this would be 3.6% growth and bring our total members to over 64,000.

SIGNIFICANT ACHIEVEMENT AWARDS

Reminder to all District Governors that the deadline for lodgement of your nomination for the Significant Achievement Award for a club project this year. The nomination must be lodged by 15 March, 2016 to riawards@rotary.org.

SELECTION OF DISTRICT GOVERNOR NOMINEE DESIGNATES

Reminder for District Governors to have the DGN Data form for the nomination of Governors for the 2018-19 year completed and forwarded to our office – attention: maryjayne.desmond@rotary.org. At this time, we have received forms from Districts 3810 and 3830.

The forms are required to be lodged with our office by 30 June, 2016.

ROTARY GLOBAL REWARDS

Rotary Global Rewards is an exciting new member benefit program for Rotarians. It's our way of saying thank you for giving so much. Rotary Global Rewards offers discounts on travel, dining, and entertainment. It's easy to redeem rewards and save on future Rotary projects. Every active Rotarian is automatically eligible to participate.

Rotary International President K.R. Ravindran and the Board of Directors developed the idea for the rewards program to help clubs enhance member satisfaction and retention. Rotary Global Rewards is just one more benefit you have as an active member.

Rotary's member benefits program gives discounts on a variety of products and services including vehicle rentals, hotels, dining, and entertainment. Products and services from companies around the world are being added every week. Anyone can view the offers and discounts on Rotary Global Rewards. But **only Rotary and Rotaract club members** who are signed in to their My Rotary accounts can redeem them. You can access and redeem rewards from your computer, smartphone, or tablet at www.rotary.org/globalrewards.

ADVICE OF RI FUNDING FOR 2016-17 GOVERNORS

All District Governors Elect should have now received advice of your RI Funding for the 2016-17 year from our office. This was sent out on 9th February. If you have not received this, please contact Barbara at Barbara.mifsud@rotary.org.

E-ROTARACT CLUBS

We have had several enquiries about E-Rotaract Clubs and can provide the following clarification:

- There is no provision for Clubs to be titled as an E-Rotaract club in the current structure. A previous pilot trialed this and was not successful.
- Rotaract Clubs can meet either face-to-face or online or a combination of both.
- The Rotaract Club must be chartered and located in the district where the club is based which has sponsored them.

DUAL MEMBERSHIP

We have been asked this month if a current Rotaractor can also be an active Rotarian? The answer is that this isn't available as a membership, but they could be an Honorary Rotarian or simply a supporter of the club. [Refer to Standard Rotary Club Constitution – Article 7, Section 6]

2016-17 CONFERENCE DETAILS DUE 28 FEBRUARY

Reminder to all DGsE to submit the dates and details of your Conference by 28 February, 2016. You will have received a letter from RIPE John Germ related to this.

WATER SCHOLARSHIPS

The Rotary Foundation and UNESCO-IHE Institute for Water Education are working together to tackle the world's water and sanitation crisis and are offering up to 10 scholarships for graduate study at UNESCO-IHE's Delft campus in the Netherlands. The partnership aims to increase the number of trained professionals who can devise, plan, and implement water and sanitation solutions in developing areas. The scholarships also are designed to promote long-term productive relationships between Rotarians and skilled water and sanitation professionals in their communities.

Scholars will receive a Master of Science degree in urban water and sanitation, water management, or water science and engineering. Graduates work with their Rotary club sponsors on a related project to benefit their local community. **The application deadline is 15 June.** For more information, review the [application toolkit](#) and [scholarship terms and conditions](#).

A JOB STILL TO BE DONE

The driving force behind our ability to support projects and activities through DDF is the Annual Fund. It delivers half of those contributions back to the district for use as the district sees fit, and the other half sits in the World Fund ready to be distributed to clubs and districts as Foundation grants to support their projects. As things stand at the moment, we are in grave danger of our DDF pool being dramatically reduced in the future.

January was a better than average month (for January) and a good amount of our YTD December shortfall was recovered. We still have a long way to go but it's looking more recoverable and that's always a good sign. As a region, we picked up in excess of \$100,000 against January 2015 and that's something we all badly needed. Australian districts combine to be \$110,000 in front while Philippines districts were \$22,000 ahead. Indonesia was level and New Zealand was a little down.

There were a couple of spectacular results in January and none more so that district 9520. With the strong support of our latest Arch Klumph Society member, they really had the accelerator down hard and ended up something like 4,000% ahead of January last year. There were plenty of other great efforts in Australia, as well as in New Zealand, Philippines and Indonesia.

From a year-to-date point of view we are still behind but not that far that we can't pick it up. Just 12% down in Australia and 9% down in The Philippines gives us a sense that the surge is about to begin. We need to be strong in our Annual Fund giving if we want to be strong in our ability to support clubs with DDF.

PER CAPITA CUP CONTESTS

Plenty of competition in all three areas although all areas are behind the marks they established at this stage last year. Par for YTD January is \$58.33 and while Philippines/Indonesia is ahead of that mark, they are around \$14 below the level set at this stage last year . All regions have a bit to do!

District 3810 in Philippines/Indonesia is maintaining the pace and looks like a winner. Being \$112.44 at this stage of the year is a fantastic result and points to a strong twelve-month result. Districts 3830 and 3780 are sitting quietly behind the leader waiting to pounce if a slight stumble occurs but Governor Obet tells me there's not much chance of that happening.

The Australian numbers look interesting with district 9520 streaking ahead on \$83.96. It will be very interesting to see if they can hold on this year after just missing out last year. Maybe those 16 clubs in this district that didn't give to the Annual Fund last year might just make a difference.

ROTARY CENTENNIAL RECOGNITION

The Rotary Foundation's centennial celebrations in 2016-17 will include recognition for major achievements related to its programs, including the work that Rotary clubs and district accomplish through Foundation grants. At Rotary's 2017 convention in Atlanta, the Foundation will highlight 10 outstanding global grant-funded projects completed in 2015-16.

In addition, districts are encouraged to recognize locally outstanding district grant-funded projects completed this Rotary year.

We hope that this recognition will encourage even more Rotarians to become involved in the Foundation's work to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

POLIO DRIVE CONTINUES

We are a little off the pace in Australia and New Zealand when it comes to maintaining the polio challenge but great work from the Philippines and Indonesia has produce a result that's in line with YTD January last year. The news on reported cases continues to be good but we have a long struggle ahead if we want to keep it that way. Just 74 Wild Polio Virus cases were reported last year, and one (Pakistan) so far this year, means we are closer than "this close" to getting the job done.

The match from Bill and Melinda Gates is still there for us to maximize our contributions. Every dollar given turns into three and that's much better than bank interest rate at the moment, so urge clubs and Rotarians in your district to be a part of this amazing achievement. Success will come as surely as night follows day and we should all take great pride in what we will achieve, not only as a team but also as individuals.

Why not use this Rotary birthday month to 'kick start' your polio effort and go up a gear. Check out things like "The World's Greatest Meal" to inject a bit of fun into your fundraising (www.wgmeal.com). Talk to local businesses about being part of the final push. Encourage some of those 42,000 Rotarians in Zones 7 and 8 who didn't contribute personally last year to maybe give a little to the polio drive. Remind clubs of our need to have each club contribute US\$1,500 to polio so we can play our part over these final stages.

End Polio Now is not a marketing gimmick. It's a way of life for us all.

GLOBAL GRANT RESOURCES

The updated [Guide to Global Grants](#) (formerly the Grant Management Manual) is now available. It's designed for Rotary members who are interested in applying for global grants and in developing more effective and sustainable projects. Also, the guide is a useful training resource for use at district grant management seminars. Copies can be downloaded from Rotary's website or ordered at shop.rotary.org.

As part of the Guide to Global Grants, we have developed an updated [graphic](#) that explains the Foundation's concept of sustainability.

The new [global grant training plan](#) template helps grant sponsors formulate a training plan for their grant projects. Training is a key component in developing sustainable projects, and your plan must be detailed in your global grant application.
